Thomas Carr College is committed to providing an engaging and innovative learning environment and developing in students independent thinking and informed decision-making. Year Eight students enjoy a broad curriculum that continues to strengthen their skills and understanding in the Compulsory subjects. Comprehensive curriculum pathways for Year Eight are available on our College website and through the student links on SIMON.

Each year, every effort is made to meet the subject selection preferences for the maximum number of students. In Year 7, students were introduced to Languages Other Than English (L.O.T.E.). In 2017, Year 8 students will be able to study Indonesian or Italian for the entire year.

This form serves to assist and guide students and parents with the Year 8 subject selection process. It will act as a record of the student’s proposed selections for 2017.

Year 7 Homeroom Teachers have been asked to assist and support each student in the completion of this form. The student and Parent/Guardian are asked to complete this form and return to the student’s current Homeroom Teacher by no later than Friday, August 12 2016
