### Tuition Fees

Tuition fees are a global fee that covers all standard curriculum subjects, excursions and camps. For some extra-curricular, optional subjects or activities, additional fees may be incurred.

It is charged on a per student basis with discounted rates applicable to families who have more than one child attending the College at the same time.

Items not included in Tuition fees are:

- Compulsory College uniform and resources required on the booklist
- Specific subject levies for VET course materials
- Students' photocopy and printing costs
- Private Music tuition and instrument hire
- Library charges – late fees and replacement costs
- Non-curriculum excursions/activities
- SACCSS sport socks and mouthguard
- Laptop repairs

### Student Device Program

In 2026, the College is continuing with a "Supplied Digital Device" Program for students in all year levels. The cost of these devices will be charged to parents in three equal annual instalments, referred to as the ICT Levy at the start of each school year. At the end of Year 9 and Year 12 respectively, if the family fees account is paid, ownership of these devices will pass to the families.

This approach to digital devices supports our robust learning and teaching program by ensuring equal access to technology in terms of quality and reliability of the device. By spreading the purchase expense over three years, we are assisting families with the upfront cost of this compulsory student resource, which we know is important in the current financial environment.

### Capital Levy

This levy is compulsory and is charged per family to cover the normal operational costs associated with the upkeep and general maintenance of existing buildings and grounds on our two campuses.

## Sibling Discounts

For families with more than one student enrolled at Thomas Carr College in the school year, where the siblings live at the same main home address, the following discount will be applied during the billing process:

Family of 2 Students	Discount of \$800 per family
Family of 3 Students	Discount of \$1,250 per family
Family of 4 or more Students	Discount of \$1,800 per family

## VET Fees

Thomas Carr College is committed to ensuring that students have a choice of pathways into further education and employment. The College provides onsite and offsite the VCE Vocational Pathway of study.

For students in Year 10, VCE and VCE VM in 2026, VET ancillary fees and materials charges will be payable by parents for individual students; these fees vary depending on the stream of study undertaken and the RTO chosen. As the VET subject is a part of the student's learning program, Thomas Carr College will subsidise the VET tuition fee.

If a student exits from the VET course after the TAFE withdrawal deadline in February, the parents will be required to pay the full, unsubsidised cost of the VET course fees plus ancillary charges.

## Billing Procedure and Early Settlement Discount

Thomas Carr College will invoice the full year's Tuition Fees, ICT Levy and Capital Levy in January of the school year. Parents will receive a statement showing their current fee account balance. All fee accounts are due and payable at the conclusion of Term 3, unless on a College Approved Payment Plan.

Fee accounts that are paid in full by the end of Term 1 each year will attract a discount of \$370 per student. This discount will not apply for debts outstanding for retrospective periods.
